“GROW CASA” – help Grow CASA of Los Angeles by planting flowers – doing so will help many children in the foster care system

CASA (Court Appointed Special Advocates) of Los Angeles is setting off a new campaign, the Grow CASA campaign, which is aimed at helping CASA of Los Angeles grow strong in making a difference in foster children’s lives. The CASA program trains volunteers to be the voice of children who are under the care of the Dependency Court, or foster care system, in Los Angeles. It is important that these children keep receiving the support that they need in order to ensure that they are placed in a safe loving home. The mission for the GROW CASA campaign is to provide more support and donations for CASA of Los Angeles so that more abused and neglected children in Los Angeles may be provided with the support of a CASA volunteer.

This campaign is all about growth and nurture, which is why plant seeds are enclosed as part of the GROW CASA campaign. By planting and nurturing these plants you will be providing the same type of support to a child in need. You can help GROW CASA by purchasing from the four varieties of seed packets for only \$1.00 each; every donation will help GROW CASA in Los Angeles County.

To support this campaign by purchasing seeds or making a donation, contact Friends of CASA at 323-526-6329 or visit www.casala.org.
